

Use these laser diode chips to build transceivers and other communications components for O-band (13XX nm) fiber optical networks, data centers, and systems at up to 10 GHz.

Laser Diodes, 1030nm and 1550nm DFB Sources, Selection Guide to ALL BRANDS, Lumentum, NEL, Thorlabs, Coherent and More, Buy-Direct and Save on Laser Diode Source

This DFB laser diode (1310nm or 1550nm) has InGaAs monitor photodiode and optical isolator integrated inside its package. Its direct modulation bandwidth is greater than 10GHz.

The 1550nm 10mW 10G DFB Electro-absorption Modulator Laser EAM EML laser diode integrated with DFB laser diode for 10G bit/s optical transmission, which are fabricated in a hermetically sealed ...

The Lasermate T13D-R-LCMD-I-10G is a 1310nm wavelength, MQW-DFB laser diode with LC TOSA package. The laser is suitable for use in 10Gbps data rate operation.

The 1550nm 10mW 10G DFB Electro-absorption Modulator Laser EAM EML laser diode integrated with DFB laser diode for 10G bit/s optical transmission, which ...

GLSUN 10G 1270nm, 1290nm, 1310nm, 1330nm, 1350nm, 1370nm Edge-emitting Distributed Feedback (DFB) Laser diode chips for fiber optical transceivers, CWDM in PON, ACCESS, Ethernet, SDH at ...

D310X10R is a 1310nm directly modulated 10Gbps single mode edge-emitting laser diode chip for use in uncooled applications. The design features multi-quantum well (MQW) active layers and built-in ...

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

Proven reliability and low FIT based on EFT laser family (more than 100 millions lasers in field) Products are RoHS compliant, designed for Telcordia GR-468 and available either as tested dies on blue tape ...

We offer fiber-coupled laser diodes for the most demanding scientific and industrial applications. Through the implementation of proprietary design, packaging, and fiber coupling technology, these ...
