

All our optical transceivers are produced by our own factory and 100% compatible with Cisco, HP and other brands" devices. We also provide customize optical transceivers to fit your specific ...

Mouser offers inventory, pricing, & datasheets for 850 nm Fiber Optic Transmitters, Receivers, Transceivers.

10GBASE-SR XFP Transceiver Module supports up to 300m link lengths over ...

Agiltron optical receiver is based on a breakthrough fabrication platform technology featuring industry-leading attributes in low cost, high coupling efficiency, and stability.

Ascentta provides optical circulator and isolator solutions. Optimize optical modules with circulator, WDM, coupler, isolator. Specialize FBG - Fiber Bragg Grating and fiber assembly. Introduce fiber ...

Proudly Owned and Operated in the U.S.A. Since 2003. Our end user paired these with their Cisco Nexus switch, and they worked perfectly. We always receive stellar service and products from Flux ...

100G QSFP28 Immersion Liquid Cooling module is a high performance module for short-reach and interconnect in liquid immersion environment - AscentOptics.

Perfect Match with MMF: Optimized for OM3, OM4, and OM5 multimode fibers, 850nm modules ensure reliable short-reach transmission at 10G, 40G, 100G, and even 400G data rates.

Optomarine"s 850nm optical module for communication links is excellent for long-distance transmission and is the best solution to prevent malfunctions due to noise in industrial sites.

Proudly Owned and Operated in the U.S.A. Since 2003. Our end user paired these with their Cisco Nexus switch, and they worked perfectly. We always receive ...

Compact LDM Focusable Laser Diode Modules are self-contained and compact and offer a variety of features. They are an ideal replacement for a helium-neon laser in many applications and offer the ...

Ascentta provides optical circulator and isolator solutions. Optimize optical modules with circulator, WDM, coupler, isolator. Specialize FBG - Fiber Bragg Grating and ...
