

Fibertronics offers a variety of box and cassette type splitter modules and products. PLC splitter modules are available in the form of either plastic module cassette (an ABS box) with ruggedized fiber jackets ...

Explore our comprehensive selection of high-performance fiber optic splitters. We offer a variety of PLC splitter types, including ABS box, LGX cassette, and rack-mount options with multiple split ratios.

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission.

ABS box splitter (PLC Splitter) is an integrated waveguide optical power distribution device based on quartz substrate. It has the characteristics of small size, wide operating wavelength range, high ...

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

LGX cassette splitter is most commonly used to provide full protection for internal optics and cables. With its small size, high reliability, and wide operating wavelength range, it is widely used in PON ...

while 2xN PLC splitters divide a dual optical input (s) into multiple optical outputs. Our PLC splitters offer superior optical performance, high stability and high reliability to meet various application requirements.

We offer ABS box PLC Splitters with a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low ...

Springoptic offers a variety of ABS box and cassette type splitter modules and products. PLC Splitter Modules are available in the form of either plastic module cassette (an ABS box) with ruggedized ...

Application ABS box type, applicable to fiber-to-the-home (FTTH) scenarios, installable in 19-inch standard racks, matching fiber optic cable transfer boxes for home fiber branching, also customizable to install per customer-specified ...
