Cable Tray Certification for Smart Buildings

UL Cable Tray Certificate of Compliance and CSA Cable Tray Certificate of Compliance are PDF files and will open in a new browser window/tab.

Discover how cable trays play a vital role in the digital transformation of smart buildings, ensuring efficient connectivity and infrastructure management.

The most important standards include cable tray standards set forth by NEMA (VE 1 and FG 1), UL 870 for product safety certification, and ISO 9001 for quality management systems.

Learn what NEMA BI 50015 stands for, the role of BI 50015, and how UL Classified certification ensures electrical products truly comply with NEMA standards for safety and performance.
