

The product is effective in protecting cable drop-outs, junction boxes and cabinets, as well as in providing an intermittent firestop in horizontal and vertical cable tray runs.

The frame can be opened and closed repeatedly to allow for cable maintenance and additions. The sponge rubber pads are compressed around the penetrating items and can be easily cut to fit around ...

The Roxtec HD 32 (High Density) is a corrosion resistant cable entry seal for sealing and terminating up to 32 cables in one single cut out in junction and terminal boxes.

When it comes to Cable & Pipe Seals for Electrical Enclosures, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.

At Nu-Tech, we manufacture a full range of cable entry seals--including single-entry, multi-entry, right-angle, and flanged options--engineered to meet the toughest industry standards.

3M Fire Barrier Moldable Putty+ is a one-part, halogen-free product designed to firestop electrical outlet boxes and a wide variety of through-penetrations including cable, conduit, insulated pipe and metal ...

Seal cable penetrations with our modular firestop solutions, designed to create water-, smoke- and gas-tight barriers in energy and industry projects both onshore and offshore.

Material: Different environments require different materials. For example, silicone or rubber seals are suitable for general use, while stainless steel is ideal for more corrosive or extreme environments.

Our Raychem cable entry seals (CES) are water-tight, heat-shrinkable products providing long-term sealing for cable penetrations into panels, junction boxes and through bulkheads.

Applications are designed to seal any type of cable penetration, as well as any metallic, composite or plastic pipe penetration. The system can be used for single or multiple pipes, or any combination of ...
