

Our FTTH Drop Cable Assemblies are designed to connect the fiber access point (hand hole, pedestal or aerial) to the ONT on the home in a FTTH network. Clearfield's proven ruggedized drop cable ...

: Unterminated APPLICATIONS The pre-terminated and environmentally sealed optical cable assembly from Panduit is a solution designed for swift and efficient deployment in Fiber to the Home (FTTx) ...

The SC/APC Outdoor Fiber Optic Pigtail with 1 Core 5x2mm Flat Drop Cable is a high-performance pigtail designed for rugged outdoor environments. ...

As an industry leader in optical connectivity products, Corning designs and manufactures the ROC(TM) drop cable assembly with factory-terminated, environmentally sealed and hardened connectors to ...

These pre-terminated fiber optic cable assemblies allow you to complete the installation of a drop by simply making two fusion splices and plugging a connector into the NID (Network Interface Device).

These factory preterminated flat drop pigtails are the industry standard for existing FTTx installations. All pigtails are video inspected to ensure connector end-faces are free of defects and contamination.

Featuring reduced-diameter flat drop cables, these assemblies are available with dielectric and toneable options and an innovative design which allows quick and easy access to the fiber to reduce prep and ...

We are a manufacturer of 1 core ftth drop cable SC/APC optical fiber cable pigtails in competitive cost and short lead time. Our factory approved ISO9001:2015, and we have UL, CE, FCC, ROHS, CCC, ...

Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails offer low insertion loss and custom length options. Economy pigtails offer over a compelling ...

The SC/APC Outdoor Fiber Optic Pigtail with 1 Core 5x2mm Flat Drop Cable is a high-performance pigtail designed for rugged outdoor environments. Featuring an SC/APC connector and ...

We provide a variety of fiber optic jumpers, pigtails, multi-channel assemblies and drop cable assemblies to assist providers as they build and expand their networks.
