

Mouser offers inventory, pricing, & datasheets for Fiber Optic Transmitters, Receivers, Transceivers.

The SFP-10G- series single mode transceiver is small form factor plug module for duplex optical data communications such as 10GBASE-LR/LW defined by IEEE 802.3ae.

512 MB ECC Memory for Optical Services Modules REFURBISHED.

We're well-known as one of the leading optical modules manufacturers and suppliers in China. If you're going to wholesale bulk high quality optical modules with competitive price, welcome to get pricelist ...

Found a lower price? Let us know. Although we can't match every price reported, we'll use your feedback to ensure that our prices remain competitive.

SR, LRM, LR, ER and ZR modules are available in the dual fiber category for SFP+ 10G rated transceivers.

Our Optical Module Dual Fiber Sfp offers exceptional quality within the Fiber Optic Equipment category. When assessing suppliers in China, consider factors like certification, production capacity, ...

Optical Transceiver Modules/SFP, also called fiber optic transceiver or optical transceiver, is a typically hot-pluggable device used in high-bandwidth data communications applications.

200G/400G/800G optical module features up to 40km transmission distances using QSFP56/QSFP-DD footprints for data center interconnect applications - FiberMall

Source over 605 fiber-optic modules for sale from manufacturers with factory direct prices, high quality & fast shipping.
