

Keyence FS-V11 fiber amplifier is the main unit with cable. Has the ability to connect up to 16 expansion units and has reverse polarity protection, overcurrent protection and surge absorber.

Product Summary: Fiber Optic Sensor FS-V11 Digital Fiber Amplifier Sensor with NPN Display From Boartechs

Used Keyence FS-V11 Fiber Optic Sensor Amplifier, NPN, 250µs RT, 12-24VDC 50mA \$100.00 USD

Fibre Amplifier, Cable Type, Main Unit, NPN FS-V11 *Please note that accessories depicted in the image are for illustrative purposes only and may not be included with the product.

Available in 3 calibration variations: Manual, automatic and hybrid calibration type. FS-V11 Superb amplifier and sensor setup resulting in enhanced stability for previously difficult detection applications.

It's designed to work with various fiber optic cables and can be easily set up and calibrated with a range of options for sensitivity adjustment, including automatic and manual modes. The FS-V11 offers ...

FS-V11, Fiber Amplifier, Cable Type, Main Unit, NPN in FS-V10 series by KEYENCE America.

Control output:NPN open-collector 100 mA max. (24 VDC max.), Residual voltage: 1 V max. 114 points will be rewarded to you when you buy this item.

Find many great new & used options and get the best deals for KEYENCE FS-V11 Fiber Optic Sensors FSV11 New In Box One US Free TAX at the best online prices at eBay!

The FS-V11P Keyence Hybrid Fiberoptic Sensor may still be available for purchase and support from Artisan Technology Group beyond End-Of-Life (EOL) by the manufacturer (OEM). We know that ...
