

What Is a Single Mode SFP Transceiver? A single mode SFP transceiver is an optical module that uses laser-based transmission over single mode fiber to deliver long-distance, high-speed data ...

WHAT WE PROVIDE: One pair of 1.25G WDM SC SFP transceiver (1310nm/1550nm), three years free warranty and lifetime technology support. OEM/ODM service is available.

Gcabling is a leading fiber optic products manufacturer & supplier. We can supply a wide range of fiber optic products with 20+ years of experience.

Compatible with optical fiber equipment from Huawei, ZTE, H3C, Cisco, TPLINK, Ruijie, Dell, HP, Intel, NETGEAR, Juniper, AMD and other brands. Small Form Factor Pluggable (SFP) transceivers are ...

Description This optical module offers a reliable and durable solution for professional installations. Designed for fiber optic technicians and demanding network environments.

Fiber/Cable Type: Single-Mode Fiber (SMF) Plug and play, supports hot swap, provides high performance, low power consumption, ensures stable and fast signal propagation

Single Mode SFP Fiber Module is a cost effective way to connect a single network device to a wide variety of fiber cable distances and types. The primary goal of the transmitter enables the bandwidth ...

Explore common SFP fiber optic connector types, including LC, SC, and MPO/MTP. Learn their differences, use cases, and compatibility.

This is an Industrial SFP optical module. It uses a single mode optical fiber and the speed rate can up to 1.25Gbps, transmission distance up to 20 km.

Search Newegg for single mode sc fiber media converters. Get fast shipping and top-rated customer service.
