

Fiji Delivery Time DAC High-Speed â€‹â€‹Cable 25G

With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance connectivity within a rack or between adjacent racks in data centers.

25G SFP28 DAC is the next logical migration from 10G to reduce the cost per Gbit/sec and provides 2.5 times the bandwidth of 10G using in the same SFP form factor. It is ideal for data center top of rack, ...

LR-LINK SFP28-DAC-3m passive direct attach cable uses shielded high-speed differential cables, supports 25G transmission rates, and compliant with 25G Eth-ernet IEEE802.3by standard and SFF ...

C-LIGHT independently developed the 25G DAC high-speed cable, whose communication protocol complies with IEEE 802.3ba; interface protocol complies with SSFF-8431, SFF-8472; packaging ...

Our 25G SFP28 Direct Attach Cables provide a cost-effective solution for short-distance connections (0.5m to 5m), ideal for Top of Rack (ToR), server-to-switch, and high-performance computing ...

Our 25G SFP28 DACs (Direct Attach Cables) consist of two SFP28 modules with a copper cable permanently embedded into each end. The SFP28 passive cable assemblies are high-performance, ...

SFP-25G-SR-S transceiver are an ideal solution for those same data center applications that require up 100 meters over OM4 fiber or 70 meters over OM3 fiber interconnect using optical (Multi Mode Fiber) ...

Siemon SFP28 25G passive Direct Attach Copper Cable assemblies are designed to exceed industry standard performance offering a cost-effective, low latency, low-power option for high-speed data ...

This high-speed, cost-effective cable is perfect for short-distance connectivity within or between racks in data centers. It's a reliable replacement for Juniper's SFP28 twinaxial cables, programmed and ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

We are the SFP28 Direct Attach Copper (DAC) Cable brand of choice by both IT hardware OEM's and Technicians due to superior BER and link performance in critical applications.

JNP-25G-DAC-2M compatible 25G SFP28 direct attach copper (DAC) cable supports high-speed 25Gb Ethernet networking for data centers, switches, servers, and storage applications.

Fiji Delivery Time DAC High-Speed â€‹â€‹Cable 25G
