

Flame-retardant cable trays for data centers in South Africa

Safeguard your infrastructure with our Fire Rated Cable Trays that are engineered to inhibit flame spread and support swift fire response. The shield cables are from moisture, dust, UV radiation, and ...

Top-quality fire resistant cable tray with N1 fire rating, 5-12 mm fireproof core, superior heat insulation, flame protection, and 60-min fire resistance.

Explore STI's firestop solutions for data centers, offering unique, maintenance-free pathways for high cable density ensuring compliance and protecting critical infrastructure.

Yes, GRP cable trays are made from flame retardant materials and can withstand exposure to fire without igniting. They do not release toxic gases when exposed to heat, which enhances safety.

FireResistant Solutions provides cable tray covering and fire-protection systems designed to safeguard electrical and data infrastructure in commercial and multifamily buildings.

Explore the importance of fire-resistant cable trays in high-risk environments. Learn about the best materials and practices to ensure maximum safety and performance in fire-sensitive areas.

Fire sealing, intumescent coatings & fire stopping for data centres, hospitals, and commercial buildings.

Explore the importance of fire-resistant cable trays in high-risk environments. Learn about the best materials and practices to ...

Fiber management system is designed to protect and route fiber optic patch cords. Its basic components include: straight grooves, horizontal and vertical elbows, optical fiber outlets, connectors and supports.

Fiber Runner - Advanced fiber optic cable raceway solutions designed for seamless cable management in data centers, telecom networks, and industrial setups. Featuring fire-resistant materials, modular ...

Fiber management system is designed to protect and route fiber optic patch cords. Its basic components include: straight grooves, ...

BEIMCO Pultruded cable trays are manufactured in most advanced pultrusion production plant. The cable tray sections manufactured by using polyester/vinylester resin & Fire retardant grade resin. BEIMCO ...
