

Georgia High Temperature Resistant Logging Optical Cable Manufacturer

Custom manufacturer of cables and cable assemblies. Products include surgical, patient monitoring, and diagnostics imaging medical cable assemblies, SpO2, ECG, temperature sensor, NMT and cardiac ...

Since 1944, Radix has been the leader in high temp wire and cable. Radix specializes in the design and manufacturing of products to meet the most challenging and severe environments, including ...

Headquartered in Lawrenceville, Georgia just outside of Atlanta, Alliance Wire & Cable maintains an extensive inventory to serve our customers anywhere in the United States, the Caribbean and Mexico.

The key technology for these products is AFL's patented stainless steel fiber optic tube technology which packages the optical fiber in the best possible way resulting in a robust, compact product that is ...

Sistemi Cavo HT is a high temperature electrical control cable that exhibits an electrical resistance of 2000 Mohm x km at 20 °C with maximum operating voltage of 600 V.

Since 1981, Thermal Products Company, Inc. has been a manufacturer, fabricator & distributor of high temperature products rated to 3000°F. Providing energy & cost saving solutions along with superior ...

The range of cables for direct buried installation includes all our four basic designs: concentric core, grooved core tape, DryTech and tape in loose tubes. The cables are reinforced with corrugated steel ...

We at Cable Depot have the custom cable design and manufacturing expertise to satisfy even the most demanding and engineering-complex custom cable requests.

Our high temp fibers are designed for applications that require improved fatigue resistance, high usable strength, and resistance to and hydrogen permeation.
