

Busbar Clamp that connects two copper busbars together, or nVent ERIFLEX Flexibar, to a copper busbar without the need for drilling. Cable to threaded busbar connector. Bracket kit for CABS ...

Kaerda's BMC Busbar Clamps for switchgear & power distribution. Custom molded for high mechanical strength, electrical insulation & thermal resistance.

Discover our selection of Bus-Bar products. Our product experts are here to assist you. Get in touch with our team now.

Busbar Clamp to connect nVent ERIFLEX Flexibar to copper punched busbar without drilling.

Molex provides a versatile range of high-current high-voltage busbar solutions suitable for various applications and environments.

The HC-STAK Busbar Connector System eliminates the need for bolt-driven electrical connections, providing a scalable and separable interface in one of the ...

Learn how TE's high voltage insulators provide robust, light-weight support for pantographs, busbars and other high voltage electric equipment on locomotives, multiple units and high speed trains.

Available in various sizes and configurations, they suit a wide range of busbar types and installation requirements. Ideal for switchboards, distribution panels, and control gear setups.

Advanced bus bar connector systems, such as spring-band clips, even support hot-plugging, enabling safe removal or installation without shutting down the entire system.

Learn how to create your own.

The HC-STAK Busbar Connector System eliminates the need for bolt-driven electrical connections, providing a scalable and separable interface in one of the smallest high-voltage package designs ...
