

Huijue Fiber Optic Distribution Frame for Computer Room Use

Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable ...

Main products: Integrated Cabinet, Optical Fiber Joint Enclosure, Outdoor Cabinet, Telecommunication Shelter, Distribution Frame, Fiber Optical Cable Cross Cabinet, Terminal Box

As a leading Fiber Optic Distribution Box manufacturer and supplier, Huijue has been providing customers with the best and most suitable products and solutions.

Our company introduced advanced technology and equipment of overseas and gathered a large number of professional and management team. Our annual production capability is beyond two hundred ...

The optical distribution frame is with standard 19 inch size and it is properly designed to control the bend radius of the cable inside the enclosure to avoid extra optical loss.

The odf optical fiber distribution frame in the computer room is an important supporting equipment in the optical transmission system. It is used for the termination and distribution of the ...

An Optical Distribution Frame (ODF) serves as a central hub in network centers for managing fiber optic connections, facilitating organized cable terminations, splices, and patches, crucial for network ...

Adopts the international standard 19" frame, Fully-closed structure to ensure the fiber protection, and dust-proof. Electrolysis sheet/Cold-rolled steel frame, electrostatic spraying in the whole surface, nice ...

Basic Info. Multi functions of resources management, scheduling transmission routing and protective splice.

High-Capacity Storage: With a size of 1450x750x320mm, the fiber distribution cabinet can accommodate a large number of fiber optic cables, making it suitable for high-capacity data transmission needs.
