How Are Fiber Optics installed?
Key Guidelines
Fiber Optic Installation Safety Requirements
How Does An Aerial Installation Work?
Troubleshooting & Maintenance Tips
Emerging Trends
Key Takeaways
Fiber optic cable can be installed differently, depending on the specific application. For example, fiber-to-the-home (FTTH) applications typically require underground installation, while fiber-to-the-premises (FTTP) applications can be made with underground or aerial installation. The Network Installers team has experience with all fiber optic net...
