

By using a tuning tool, our LC Connectors have the ability to adjust the gap of the central axis in six different positions after the LC Connector is assembled enabling a very low connection loss.

HyOptic LC Duplex Metal Adapter built-in precision ceramic with very low insertion loss, have high quality of mechanical and optical performance. HyOptic supplies variety of colors for customers ...

TIA-604-10, FOCIS-10, GR-326, or IEC 61300 series, IEC 61754-20. Adapters provide ≤ 0.2 dB insertion loss and support an operational temperature of -40 °C to $+85$ °C and come with protective cap

The ODM LC adapter works with ODM RP style power meters, allowing for a secure LC connection. Attach the LC adapter to your optical power meter, then attach the fiber with LC connector for testing.

LC Adapter for Optical Light Source, DLS 350 and DLS 355. Fiber optic test equipment that provides technicians simple, affordable and scalable test solutions.

We also manufacture an LC adapter family to support LC interconnection. Corning's extensive line of LC connectors offer great performance with very high repeatability and low insertion loss.

High-performance LC adapters with OEM and private-label services from FiberMania. Customizable designs, stable quality, and fast production for fiber networks.

Product Description ODM LC Adapter for Optical Light Source, DLS 350 and DLS 355 [_DELETE_](#)

With its 6-position tuning feature, the connector may be used to achieve unprecedented insertion loss performance by optimizing the alignment of the fiber cores. Additionally, 45° ; and 90° ; ...
