

The OptiTip MT connector is a hardened array connector designed to provide rapid connectivity (for two, four, six, eight, or 12 fibers) in a durable, easy-to-install design.

Radiall's MTitan(TM) series is a complete range of high density fiber optic interconnect solutions for aerospace and military applications. Product solutions within the MTitan(TM) series feature an ...

MT ferrules are key components of MPO connectors which are multi-fiber connectors with high-precision and high- density connection. Furukawa, one of the original members of the MPO connector ...

PRIZM®; MT is a monolithic optical fiber ferrule that integrates microlenses and mechanical alignment features into a single component. The design provides low ...

At the core of an MTP®; connector is a US Conec designed and manufactured MT ferrule. The MTP®; connector components and associated termination processes are designed as a system to work ...

Fiber optic MT (Mechanical Transfer) connectors are high-density multi-fiber connectors used to support high-speed data transmission. They are compact, lightweight, and can house multiple fibers in a ...

TE's MTCT connector is a compact, lightweight design connector for use with ARINC 801 fiber optic termini. Ideal for applications such as avionics, in-flight entertainment systems, communications, ...

Designed in accordance with rugged mil-aero industry specifications, the Glenair Series 79 MT fiber optic connector is the world's smallest ruggedized MT connector solution.

Buy MT Ferrule from a trusted global manufacturer. Available in 12F-48F, compliant with IEC & GR-1435 standards for reliable fiber connectivity. Request a quote & book your order today.

PRIZM®; MT is a monolithic optical fiber ferrule that integrates microlenses and mechanical alignment features into a single component. The design provides low insertion loss and return loss for up to 32 ...

Rectangular Connectors with Fiber Optic Termini: Our fiber optic termini can be integrated into our LRM rectangular connectors for high-density, high-speed interconnect performance in advanced avionics ...
