

The SFP28 transceiver supports up to 80km link lengths over OS2 SMF via an Duplex LC/UPC connector. This transceiver is compliant with SFF-8472 standards. The built-in digital diagnostics ...

Our unique expertise in specifying, manufacturing, tolerancing, and measuring optical components helps us lead the way in the industry with unmatched investment in cutting-edge equipment and testing.

With experience in optical and microelectronics, we provide test engineering, process engineering, and New Product Introduction (NPI) support for component, module and system-level application ...

PSG Optical Components Mexico specialize in custom optics that are built to order and provide optics with extreme precision and custom coatings. PSG Optical Components Mexico offers the highest ...

Optopax offers full-service OEM manufacturing for custom camera modules, with support for both chip-on-board (COB) and packaged image sensors, giving our clients the flexibility to balance ...

Este sistema es diseñado para una empresa dedicada al desarrollo, producción y servicio de suministro de productos de fibra óptica. Por favor contáctanos para ...

Edmund Optics manufactures and supplies customers around the globe with millions of precision optical components and optical assemblies. Our manufacturing capabilities comprise of expertise ...

Este sistema es diseñado para una empresa dedicada al desarrollo, producción y servicio de suministro de productos de fibra óptica. Por favor contáctanos para más información. Este producto está de ...

Industry players are investing heavily in developing multi-functional modules that combine optical and electronic components, reducing size and cost while enhancing performance.

Sanmina continuously invests in improving our production processes and characterizing key supplier component variations to meet the on-going demands associated with designing and manufacturing ...

Our team is ready to deliver your optical subsystem requirements with the ability to apply innovative engineering to your build-to-specification requirements, or deploy our world class manufacturing ...
