

Learn how NordicEPOD modular power assemblies, powered by Eaton, will enable you to add data center capacity faster while reducing costs and risk with standardized, pre-commissioned and factory ...

Power management company Eaton has invested in European data center power module firm NordicEPOD. Eaton this week announced it has completed a "significant strategic investment" in ...

They provide data center operators in the Nordic region a standardized and rapidly deployable, cost-effective approach for the design, ...

Accelerate AI data center deployment with a prefabricated modular pod--factory-built with power and cooling for scalable, high-density IT infrastructure. Schneider Electric Prefabricated Modular Pod ...

Swedish Modules delivers prefabricated, high-specification modular solutions within our business segments, Medical and Datacenter & Power. We design, engineer and produce products that are ...

We have designed some of the most reliable and technically advanced data centers in the Nordics, offering an unrivalled service across scalability, connectivity, sustainability, security, energy-efficiency ...

They provide data center operators in the Nordic region a standardized and rapidly deployable, cost-effective approach for the design, construction and commissioning of data centers.

Sustainable by Design - From energy efficiency to smart power and cooling, we use sustainable solutions, materials and technologies that reduce the environmental impact of your operations and ...

Eaton and CTS Nordics have jointly unveiled the NordicEPOD factory in Oslo, which will produce standardised power modules designed to speed up the construction of data centres amid ...

Intelligent power management company Eaton, and data center design and build company CTS Nordics, today officially announced the opening of the new NordicEPOD factory in Oslo.

With 65% of this surge driven by AI's voracious hunger for high-performance computing, data centers must scale up fast. NordicEPOD's modular data center systems were born to meet this challenge, ...
