

Packaging of 808nm Laser Diodes from the Netherlands

For more information on the different powers for this laser diode, please download your desired power datasheet. Let us know what you are looking for so we can get you availability and pricing.

Whether you need a standard multimode diode or a fully custom module, the broad selection across multiple manufacturers (including LDX Optronics) gives you exactly the config you need - with quick ...

Coherent offers a comprehensive product range - unmounted bars and chips, single emitters, packaged bars, stacked arrays (both vertical and horizontal), and fiber-coupled modules - over the 405 nm to ...

The Lasermate LD808A500C15 is an 808nm, 500mW laser diode in a 5.6mm, TO-can package and with operating temperature of 50°C. The laser diode is suitable as compact light source for many ...

LumiMetriC provides a variety of fiber coupled laser diodes with wavelengths from 630-1100nm. The C18 series fiber coupled laser diodes are built with up to 18 single emitters of 10-20W power, and provide ...

Sheaumann's 808nm multi mode laser diodes are available with up to 10W of continuous output power from fiber pigtailed, 9-pin high-heat-load module. All modules come standard with an internal ...

Laser diodes have been developed to match the absorption bands of a variety of dielectric crystals in a broad wavelength range. Side pictures shows two common variations of high-power laser diode ...

SHOP 808nm Laser Diodes from All of the Leading Brands, 10W to 1000W, Unbiased SELECTION GUIDE, Coherent, nLight, Lasertel, Jenoptik, LUMICS and More

Laserland supplies 500mw-10W 808nm laser diode in to-18 (5.6mm), c-mount, to3 or to5 package in large scale of amount. The price for large amount sale could be as low below 1USD for each unit. ...

These fiber-coupled 808 nm laser diodes are offered as stock items or associated with a CW or Pulsed Laser Diode Driver. They are compatible with our high speed nanosecond pulsed drivers or high ...
