

Plastic Optical Cable Production Line Manufacturer

We specialize in designing and manufacturing fiber optic connectors, fiber optic cable assemblies, and custom fiber optic products for use in harsh environments.

In addition to our extensive glass fiber optic library, FTI offers varied configurations of plastic and quartz fiber optic cables, as well as glass rods, tapers, and raw fiber.

STL is one of the industry's leading fiber optic manufacturers with a 25+ year innovation track record and customer base in more than 100 countries. STL's wide range of end-to-end fiber optic solutions ...

We specialize in providing leading edge solutions and manufacturing technology products such as industrial networking cables, illumination fibers, medical assemblies and optical sensors.

Prysmian optical fiber cores are manufactured in our Claremont, North Carolina Optical Fiber and Cabling plant. We apply the cladding in the same plant, and all of our preform glass is of U.S. origin.

Discover advanced optical cable production line equipment for efficient, high-speed manufacturing. Explore PLC control, automated splicing, and real-time defect detection. Click to find top-rated ...

Wire & Plastic Machinery Corp. is a global equipment supplier offering high quality solutions for wire, cable, and optical fiber manufacturing. We have a comprehensive selection of second-hand, ...

ISO 9001:2008 certified manufacturer of fiberoptic cables, fiberoptics and opticalfibers including plasticopticalfibers. Process instrumentation, motion control equipment, industrial cameras, ...

Nextrom is the leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon ...
