

It combines multi functions in one, including serial server, Modbus gateway, MQTT gateway, RS485 to JSON, etc. The module features RS232/485/422 and Ethernet port (PoE function optional), uses DC ...

High-performance switching with up to 25G SFP28, 10GbE & 2.5GbE PoE+++ for robust, high-capacity networking.

These modules offer different output voltage options, including thermal protection and output voltage offset adjustment with overload and short circuit protection. The PoE modules are ...

Silvertel PoE modules provide a cost effective, easy to use and rapid time to market solution for applications in industries such as IoT, IIoT, SMART Industries, Security, AV, Commercial Electronics ...

Lantronix's Power-over-Ethernet switch (PoE switch) family delivers data packets and DC power over the same copper cable, making the deployment of VoIP phones, Wi-Fi access points, security ...

We offer an end-to-end portfolio of Power over Ethernet (PoE) solutions comprising PoE ICs and PoE systems such as PoE midspans, PoE injectors and PoE switches.

VERSATILE CONFIGURATIONS: PoE powered converter support TCP client/server mode to enable serial tunneling between two device servers over a LAN; Export/import settings, custom naming / ...

Designed for demanding environments, Brainboxes industrial PoE Switches remove the need for costly electrical installations by enabling the transmission of electrical power over the same cable that ...

Omnitron Power over Ethernet (PoE) switches enable distance extension over fiber optic cabling to network edge devices. They are available as unmanaged or managed switches.

Buy HGW-802SM-SER-PSE: Layer 2 managed industrial PoE switch with 8 RJ45, 2 SFP, 2 serial ports, 240W PoE, DIN rail, -40 to +75°C. Ideal for SCADA and IoT.
