

This SC pigtail is a single mode cable with high-grade SC APC fiber optic connector on one end, another end unterminated. It can configure multimode fiber as well for the specific application.

SC12 CORE BUNDLE PIGTAIL: using high-quality ceramic ferrule, low insertion loss, large return loss, higher reliability, better stability, better coaxiality and dimensional accuracy.

SC connectors are non-optical disconnect connectors with a 2.5mm pre-radius-ed zirconia ferrule. They are ideal for quick patching of cables into rack or wall mounts due to their push-pull design.

ShowMeCables offers a wide variety of fiber optic pigtails with LC, LC-UPC, SC, SC-UPC and ST connector types and in lengths of 1-m to 15-m. Order now!

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

Each module provides strain-relief for the pigtail and offers the advantage of greater protection to the cables and connectors being installed when the pigtails will be routed and spliced in a separate ...

SC Fiber Optic Patch Cord stands for Subscriber Connector- a general purpose push/pull style connector developed by NTT. SC has an advantage in duplexibility to support send/receive channels.

Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for splicing and connecting fiber runs.

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

This pigtail set consists of 12 single-mode fibers, each in different colors, allowing for easy installation and management. All pigtails offer low insertion loss and high return reflection performance, ...
