

Get fast, reliable data transfer with our Pre-Terminated Armored Singlemode Fiber Optic Cables. Featuring high performance singlemode fiber with low IL and RL, and LC connectors.

Built for durability and high-performance, this armored fiber patch cord ensures reliable long-distance connections for military, outdoor, and industrial network applications.

A single-mode, indoor rated, fiber patch cable for durable, reliable ...

This 1-meter (~3.3-foot) fiber optic cable is terminated with blue LC/UPC (Lucent Connector / Ultra Physical Contact) connectors on both ends. It is a single-mode fiber (9-micron core) designed to ...

Durable armored design: Our OS2 LC-LC outdoor fiber optic patch cable features a spiral stainless-steel structure that protects the glass fiber core from damage caused by rodents and other external ...

Plenum Armored Fiber Cable is our most popular choice for its versatility and can be used in riser or general-purpose applications as well. The MC cable is tough and durable to ensure that rodents can't ...

The armored fiber patch cable with built-in metal armor can resist mechanical damage from crushing, abrasion, cutting, and pulling in the most hazardous areas. It can protect fibers and prevent network ...

Our 100m LC-LC armored fiber cable is featuring a stable armor layer that protects against bends, crushes, and harsh environments, ensuring reliable performance in even the most challenging ...

Our 100m LC-LC armored fiber cable is featuring a stable armor layer that ...

A single-mode, indoor rated, fiber patch cable for durable, reliable and fast data transmission. Inside the crush resistant armor wrap is an LSZH, yellow, 2.0mm outer diameter, ...

Fiber cable assembly, armored, singlemode, plenum, tight buffer, 2mm - 18? breakout, LC, LC, simplex, built to specified length, with pulling sheath.
